MARTIN FISHER TAILORS

01

Details

We're excited to unveil an exclusive partnership between Martin Fisher Tailors and the Canadian Men's National Field Hockey Team.

In an effort to support both the Red Caribou and boost community engagement, for every suit purchased through a referral from the MNT, **\$100** will be donated directly to the team.

Experience the synergy of style and solidarity with Martin Fisher Tailors, standing alongside the Red Caribou on their journey to excellence.

About Martin Fisher Tailors

Founded by ex-MNT player, Mike Mahood, in 2010, Martin Fisher Tailors was created with one focus – to educate, create and lay the foundation for a locally designed and individually tailored wardrobe.

Experience the personalized Martin Fisher Tailors journey in an appointment at the Strathcona studio where Mike will explore your clothing requirements, whether it's building a new wardrobe or enhancing your existing one.

After discussing design options and perusing fabrics, he'll capture measurements, assess posture, and determine your ideal fit with sample garments. Following this, orders can be ready in as little as 10 days.

Ready-to-Wear Pricing

- Suits from \$675
- Jackets from \$575
- Pants from \$225
- Tuxedos from \$750

** For those wanting made-to-measure the same donation amounts will apply. A wide variety of price points are available so feel free to discuss directly with Mike. Timeline is ~7-8 weeks.

Get yours today!

To start your journey, speak to your favourite member of the team or contact Mike directly and mention the Red Caribou!
