Attention: Members of Field Hockey Canada

Regarding: Statement of intent regarding Field Hockey Canada dues increase

Dear Members,

Please accept this statement of intent regarding an increase to the Field Hockey Canada dues.

As discussed at the Member Meetings during the last year, it is the intention of Field Hockey Canada to propose at our 2026 General Meeting an increase to individual participant dues and member dues that will take effect September 1, 2026. There has not been an increase in FHC dues since 2017, yet during the intervening period, costs have substantially increased while simultaneously, Field Hockey Canada has extended its service delivery during this same period.

It is our intention at the 2026 Field Hockey Canada General Meeting to propose that the income from the increase in dues be invested, annually moving forward, specifically into the international teams to support our WNT and MNT access increased number of annual competitive international matches.

The dues increase will take place under the following details:

Provincial members

Fee increase in the Field Hockey Canada member dues to reflect the increased level of service and engagement Field Hockey Canada has with members.

The basic member fee will increase from \$350 to \$500 per member province, plus \$1 for every additional registered participant within the province for every participant over 500.

Registered Participants

Individual participant dues increase only slightly as outlined in table 2 below:

Coach	\$20	\$25
Official	\$20	\$25
Associate	\$22	\$30
PSO	\$350	\$500 + \$1 for every participant over 500

This statement of intent is to allow for our Members to best plan for these proposed increases, assuming they are implemented at the Field Hockey Canada 2026 General Meeting. I would be pleased to take any questions you may have at one of our monthly member meetings in advance of our our General Meeting in September 2026.

Respectfully submitted,
